

## American Lincoln Parts

American Lincoln Parts - The American Lincoln division is presently linked with the Nilfisk Advance Industrial Group in Plymouth, MN, USA. They specialize in floor cleaning machines which are recognized in the business as durable and strong machinery which suits the needs of heavy industry and larger infrastructure. American made products; the sales are conducted nation- wide via direct Government sales, national accounts, and authorized distributors.

The Clark Company, of Nilfisk Advance, and American Lincoln share the battery operated walk-behind model of floor scrubber. Clark has their manufacturing facilities located in Springdale Arkansas. These types of scrubbers are on the market under the trade mark name "Encore". American Lincoln can supply machines, components and warranty service for these types of scrubbers which carry both the Clarke and Encore logos.

The 7765 floor scrubber model is the choice equipment of huge distribution centers such as Target and Wal-Mart. The 7765 line has earned the respect of several facility supervisors where results and efficiency make a difference. Lately, this particular floor scrubber model has been used by the architects in different construction projects like Lowes Home Improvement Stores and Home Depot's. Flooring contractors use this sweeper scrubber on site due to the model's excellent quality and supreme performance level for polishing concrete.
