

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement since the year 1959. Whether the task requires positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler will help make the task go easier and faster. These units are available with the patented Stabil-Trak stability system so as to ensure operator confidence.

The horizontal placement system by Lull is able to supply eighty inches of boom travel for precision placement functionality. There are also various optional Lull accessories for their telehandlers so as to help finish whatever job.
